5 Your Mobile Usage for: (902) 123-4567

Your Usage	Included	Your Usage	Shared Usage	Unit of Measure	Additional Charges
Total Mobile Usage:					\$0.00

1. Monthly Recurring Charges: Here you will find a list of your monthly rate plan, device contribution and any other features and services for your upcoming service period.

2. Partial Charges: These are charges for your services from the date you activated until your regular service period begins. Partial charges occur on new activations, or when you've made a change to your account during your service period.

3. Connection Fee: This is a one-time charge that includes your SIM card and activation to the Eastlink network.

4. Total Mobile Services and Usage: This is the total for your monthly rate plan, including any proration or additional usage plus applicable taxes. Your easyTab device contribution is shown under the applicable taxes as it already has taxes included.

5. Usage Breakdown: This is summary of your usage from the past 30 days. To view full usage details, login to self-care and select view bill details.

6. Your Plan: Here you will find the details of features included in your plan.

7. Your Device Balance: This section shows the details of your easyTab balance for this billing period, it shows your starting balance, current contribution, and remaining balance after a payment is applied as well as the easyTab completion date. Please note as of Feb 1, these balances now include tax.
