

Battery Change Guide – Flood Detector

To change the batteries on the Flood Detector:

1. Insert a coin or flathead screwdriver into the tab to open the sensor cover.
2. Remove the sensor cover from the sensor base.

3. Remove the old battery and dispose of it safely.
4. Wait 2 seconds and insert a new 3V Lithium battery.

5. Re-attach the sensor cover.

If you require assistance with any step of your battery installation, please contact us at **1-866-476-0420**.
